

Invitation to Bid (ITB) #2309

Verona Sewer Collection System Trenchless Rehabilitation Addendum #1 and Acknowledgement

To: Prospective Bidders
From: Jesse Roach, Augusta Water
Date: 9/25/2023
Subject: ITB #2309 –Verona Sewer Collection System Trenchless Rehabilitation Addendum 1

As a reminder, all bids over \$100,000 must include a bid bond. Failure to include a bid bond will result in disqualification.

The Augusta Water received the following questions from bidders. The answer to each question is provided below.

1. Time wise I understand 180 consecutive working days, but it states Bidder will work continuously from start to finish, if not Bidder could incur losses, will the Owner work with low Bidder because once pre-CCTV is done it will take time by Bidder/Owner to review for any obstructions/offset etc. and to order and receive materials for CIPP.
 - a. **Yes, we do consider ordering and waiting for material. The key concept is to keep us in the loop with your schedule.**
2. Does the County currently have right-a-ways/access agreements/easements to the lines not in the road ways, or will those be obtained in the future.
 - a. **Yes, we have access agreements to the lines.**
3. Has the county done CCTV inspections on these lines recently, to verify line obstructions, laterals, etc., if so, how will protruding taps if exist be handled, is that considered a line obstruction and will be discussed as to a price by Bidder to remove or the Owner will take care of tap?
 - a. **All lines have recently been inspected vis CCTV. We don't anticipate any protruding taps. However, if one is encountered we will get a price from the low bidder to repair and then make the decision to repair it ourselves or not.**
4. Do all 64 manholes require a Portland based cementitious with an added bacteria resistant agent (mic) or a calcium aluminate mortar or will it vary depending on the levels of hydrogen sulfide.

- a. All 64 manholes require the bacterial resistant agent.
- 5. Does every bidder need to submit for pre-approval prior to or by September 14, or is this only for alternative methods?
 - a. Pre-approval is not required for any method. It is only for a bidder that wants pre-approval.
- 6. Is there an Engineer's estimate?
 - a. No
- 7. Do you have videos of the lines for this project? Could you send me a link to download them?
